This assessment is scheduled to occur on Friday, September 25, 1998. Both the USEPA and the Illinois EPA request your assistance in this matter. It is necessary that this assessment be conducted in order to mitigate the effect to human health and the environment.

It would be greatly appreciated if you would sign this letter indicating your permission to proceed with the assessment. I have enclosed an extra copy of this letter for your personal records. If you have any questions, please feel free to call me at the above number. Thank you very much for your cooperation.
